- Dual Exfoliation Facial** (75 minutes). 40

This treatment combines Aveda's naturally derived mechanical and biochemical exfoliation methods into one powerful service that transforms and rejuvenates the skin through the process of dual exfoliation. The treatment delivers immediate, visible results in improved skin texture; clarity and radiance; smoothed appearance of fine lines and wrinkles; and refined pores, revealing fresher, younger-looking skin. In a clinical study, the Dual Exfoliation Facial achieved better results than a combined microdermabrasion/30% glycolic peel treatment in both immediate smoothness and radiance, plus significantly better results in smoothness, radiance and skin tone one week later. Experience the rejuvenating power of plants and minerals to help skin to look and feel its best.
